

**Resolution of Support for  
The Central Sands Water Action Coalition**

We, the directors of \_\_\_\_\_ (name of group), support the formation and operation of the Central Sands Water Action Coalition.

The Coalition's mission is to advocate for the protection and sustainable use of ground and surface waters of the Central Sands – the area comprised of parts of Waushara, Portage, Adams, Marquette, Wood and Waupaca counties and containing rich quantities of groundwater and scores of streams and lakes.

As an organizational member of the Coalition, our group pledges the following:

- Designate one member to represent our group and its interests in Coalition strategy meetings and other Coalition functions requiring each member group's input;
  - Participate in Coalition functions where practical (e.g. meetings, events);
  - Respond to requests by the Coalition for individual group actions and decisions on behalf of the Coalition;
- 
- Entrust and delegate authority to the Coalition's steering committee to develop strategies and positions that comply with the coalition's mission and advance the protection of waters in the Central Sands;
  - Abide by the provisions of the Coalition outlined in the CSWAC Memorandum of Understanding.

Resolved by a vote of the Board of Directors of this organization \_\_\_\_\_, (day and date), 2013
